THE BODY PROJECT

ON JUNE 6TH & 7TH, EDCT SPONSORED A TRAINING FOR 15 FACILITATORS TO IMPLEMENT THE BODY PROJECT PROGRAM IN TENNESSEE. ANGEL HOWELL, ONE OF THE FACILITATORS, DESCRIBES HER EXPERIENCE WITH THE BODY PROJECT:

"We were made a loft promise at the start of the training - that it would significantly change the way we feel about our body image and how we would treat our bodies going forward. In the process of training to be facilitators, we were able to experience being participants and for me, these goals were realized halfway through the two-day training!"
