A LETTER OF GRATITUDE

Dear Friends,

What a year it has been at Renewed! Thanks to your support, we continue to serve as trusted path to renewed health for those seeking recovery from all forms of eating disorders. It has been a privilege to watch the Renewed team work day-in and day-out to ensure that we continue to serve the community with renewed energy, innovation and compassion as we focus on expanding our reach and helping even more individuals. None of this would be possible without your support.

Here are a few of the highlights you have helped make possible over the past twelve months:

- Assisted **884** individuals with treatment referrals through our personalized assistance program and the Renewed website.
- Trained **232** professionals on the best practices of recognizing and treating eating disorders.
- Held our **3rd annual** Noted: Songs, Sips & Stories event with 265 community members in attendance.
- Hosted **226** support groups and programs for high school females, adult males, adult females, college-aged females and family members of loved ones with an eating disorder.
- Spoke to **874** students about eating disorders awareness and recovery.
- Planned for **2** new support groups for women 50+ and the LGBTQ+ community.

As we pause to reflect on the many lives we have helped change this year, we also realize there is much more work to be done as we look toward the new fiscal year. Your faithful support can truly make a difference in helping us expand our programs to meet the growing need in our community.

In the pages that follow in this report, you will find the names of our friends and supporters who made our work and vision possible in the 2017-2018 fiscal year. Thank you again from the bottom of our hearts.

With gratitude,

Lauran Sauter
Dir. of Marketing

BECAUSE OF YOU...

My involvement with Renewed has been so extremely fulfilling. As someone in recovery, they provide outlets to connect with others overcoming the same obstacles as myself in a safe and inviting environment. As a volunteer, they offer many ways to engage with others and give back to the community. Thanks to Renewed for providing a place where myself and many others feel not so alone in a huge battle we often face."

-Renewed Program Participant & Volunteer

"I can contribute so much of my recovery to the CO-ED support group. It has connected me with others that understand my journey and provides me with a space in which I am supported and encouraged. I am immensely grateful for this group!"

-CO-ED Participant

"I am so grateful for this experience. There are not enough words to express what this group has meant to me."

-PaintED Participant

Through the participant in Renewed's creative programs, I've learned to get out of my head space and let the creative side of my brain express what is really going on inside to begin to heal."

-Renewed Program Participant
